To Khula Business and West Side Trading:

On Behalf of the Eyona Tenants, Gugulethu residents have decided to oppose the further eviction of small and informal businesses from the area which is to become 'Gugulethu Square Mall'.

The Gugulethu Anti-Eviction Campaign exists to fight against any unjust practice and colonisation of land that belongs to the residents of Gugulethu. We are ready to show Kula Business and West Side Trading that apartheid and oppression must end and that they must relinquish control of land in Gugulethu which you are currently owning unjustly and against the wishes of the vast majority of Gugulethu residents.

The moment you try to further demolish land in Gugulethu or evict Eyona tenants such as Sikhoma Butchery, you must know that we, the residents, will fight back with any means necessary. The residents are the rightful owners of the land and should you fail to cooperate with residents' needs and demands, we shall fight against your evil land development practices as soon as possible. This may include shutting down all of your developments in the area and other forms of protest.

Down with colonisation of Big Business in Gugulethu!
Forward with community control and ownership of development!
